TO HELP MAKE THIS COUNTY FAIR WELCOMING FOR ALL!

Thank you for taking action to ensure that this family-friendly event is a safe and inviting place for EVERY family.

The New York State Department of Agriculture has told county fairs across the state that selling Confederate flags "runs counter to our great state's long history of inclusion for all." Walmart, Amazon, and eBay have stopped selling Confederate flag items. So should you.

The Confederate flag is a symbol of racial hatred that is promoted by violent groups and individuals around the country, including Charleston shooter Dylan Roof and pro-Nazi marchers in Charlottesville, VA. The Confederate flag represents a traitorous war and the evil system of slavery, which thousands of New York soldiers fought and died to defeat. Please don't dishonor them by selling the flag of slavery and terror.

I am requesting that you remove the Confederate flag merchandise from your county fair vendor tent and stop selling these items.

Dear Fair Vendor,
